### RIO 5 – World Climate & Energy Event

### LAREF 2005 – Latin America Renewable Energy Fair

The massive and ever increasing consumption of fossil fuels and their resultant greenhouse gas emissions are considered to be the primary cause of global warming. Limited resources, rising prices and violent conflicts are further problems related to that type of energy. Ultimately a sustainable energy supply can only be achieved through increased energy efficiency and the broad use of renewable energies.

Since the UN Earth Summit in 1992, Rio de Janeiro has been a premiere location from which progressive environmental ideas have emanated. Following the tradition of previous World Climate & Energy Events ([www.rio3.com](http://www.rio3.com), [www.rio02.com](http://www.rio02.com)), **RIO 5** will focus on global strategies to increase the application of renewable energies in order to provide efficient low or zero emission energies to the world's population.

**February 15-17, 2005**  
**Hotel Glória**  
**Rio de Janeiro, Brazil**

**Brazil:**  
**Major programme for**  
**Renewable Energies**  
**in Latin America**

We hereby apply for exhibition space of the following size:

- 4 m<sup>2</sup>     8 m<sup>2</sup>     12 m<sup>2</sup>  
 16 m<sup>2</sup>     larger:  m<sup>2</sup>

- Exhibition space and stand (full service package) EUR 195.00 per m<sup>2</sup>  
 We bring our own stand. Exhibition space only (reduced rate) EUR 150.00 per m<sup>2</sup>  
 We want to be informed about **Sponsorship of RIO 5 - LAREF 2005**

Fax: (+55-21)-25 18 22 20  
E-mail: [info@rio5.com](mailto:info@rio5.com)  
Web: <http://www.rio5.com>

The **RIO 5 – World Climate and Energy Event** together with the **Latin America Renewable Energy Fair 2005** will take place in one of the most prestigious hotels of the city, the Glória Hotel ([www.hotelgloriario.com.br](http://www.hotelgloriario.com.br)) from 15th to 17th of February 2005.

The **Latin America Renewable Energy Fair (LAREF 2005)** will give companies and institutions the opportunity to present the latest energy technology and services to a growing world and Latin American market. With the implementation of the Renewable Energy Incentive Program PROINFA, Brazil has become the most important market for renewable energies in Latin America. The PROINFA guarantees the construction of at least 3,300 MW renewable power plants operated by biomass, wind or small hydro power. Other programs such as PRODEEM, “Luz para todos” (Light for all) open a market for the use of solar energy and other renewable energy technologies. The conditions in Brazil are excellent to tie new business contacts at **LAREF 2005**. At **LAREF 2003** the German Ministry of Economics & Labour (BMWA), Petrobrás, CanalEnergia, Wobben Enercon Windpower, GTZ, SEBRAE, Q-cells AG, Valentin - Energysoftware, ERSOL Solar Energy AG, Solon AG, Nordex Energy, Kyocera Solar do Brasil, Greenpeace, Brasil Energia and more exhibited their products, services and projects. The German Ministry of Economics & Labour (BMWA), AHK, Petrobrás, German Energy Agency (DENA), CanalEnergia, FURNAS and State of Rio de Janeiro supported the exhibition. Most of these organizations and companies will be present at the **LAREF 2005** and support us again.

The **International RIO 5 Congress** will bring together leading experts from the fields of scientific research, politics and industry. At **RIO 3** joined us e.g., Dr. Hermann Scheer (Alternative Nobel Prize Winner, Chairman of WCRE, President of Eurosolar), Prof. Dr. Peter Landsberg (Chief editor, University of Southampton), Prof. Dr. Maurício Tolmasquim (CES of the Brazilian Energy Ministry), Fernando Gabeira (Federal Deputy and bestseller author), Prof. Dr. Bautista Vidal (Chair of Pro-Álcool), Dr. Franz Alt (bestseller author and TV-journalist), Rosa Moreno (Greenpeace), Laura Porto (MME), Dr. Everaldo Feitosa (Director Brazilian Wind Energy Center, Vice President World Wind Energy Center). The Brazilian Ministry of Energy (MME), the German Energy Agency (DENA), International Capacity Building, Germany (InWEnt), Eurosolar, ISES Brazil, Heinrich Boell Foundation and the World Council for Renewable Energy (WCRE) are fully backing the event and will send top representatives.

Related workshops on effective renewable power plant implementation and on Carbon Trading, will accompany the event. Excursions to Brazilian energy projects and local activities aim to encourage international contacts and cooperation.

## Exhibition Regulations LAREF 2005

### Exhibition Space

Exhibition space is available in different sizes, the smallest unit starting at 4 m<sup>2</sup> (see reservation form attached).

In order to ease the preparation of your participation we have developed a Full Service Package (FSP). It incorporates exhibition space featuring a fully equipped stand at a rental fee of EUR 195.00 per square meter (incl. all taxes).

This package includes:

- Floor space
- Exhibition stand
- Fascia with company name
- Electrical power point (115V, 60Hz)
- Daily cleaning service
- Chairs, table, lamps / spotlight, wastepaper bin

For a reasonable fee, a wide range of items can be added: Additional pieces of furniture, spotlights, electric power supply in 115V or 230V, telephone lines, fax, internet, W-LAN, etc. Audio-visual equipment (overhead, slide and video projectors, video recorders, etc.) can also be rented. All conference and exhibition facilities are well air-conditioned. Companies bringing their own stand receive a discount of EUR 45.00 per square meter.

Additional meeting rooms for private communication or to arrange workshops are available and can be booked.

Tours and excursions to reference projects or investment sites can also be arranged.

### Conference Admission for Exhibitors

By booking exhibition space at this event (full service package or space only) you will get access to the conference including full conference documentation:

- 4 m<sup>2</sup> to 8 m<sup>2</sup> : full conference registration (incl. banquet) for one person
- 9 m<sup>2</sup> to 16 m<sup>2</sup> : full conference registration (incl. banquet) for two persons
- more than 16 m<sup>2</sup> : full conference registration (incl. banquet) for three persons

### Reservation

The reservation form is attached and is also available on our website [www.rio5.com](http://www.rio5.com). You are invited to return this form as soon as possible, preferably by fax. Since the stands will be allocated on a first-come / first-served basis, an early reservation will assure your participation at this prime event. The space will officially be reserved in your name upon receipt of a down payment of EUR 80.00 per square meter and subject to availability of space. The balance must be fully paid before the event. An Information Package concerning transport, mounting and dismantling schedule, order forms for extra items, handling of temporary import facilities, etc. will be dispatched to companies / organizations, which have transferred the down payment.
